

Welcome

March is here. Sunday, as I was driving I saw the large puffy snowflakes that my grandparents used to call sugar snow in Northern New York. This time of year I always feel like I am coming out of hibernation; a little more social, and a little brighter. It's always time for some new opportunities in the library.

Google Slide Presentation Recording

I am pleased to announce that we now have the capability to easily record student slide presentations.

Using the camera equipment and streaming software used by OOBH5, Ms. Horowitz's Honors English class came in to record presentations on discrimination of the characters in *Of Mice and Men*.

I'm excited to offer this presentation

recording ability to the whole student body and hope that this will enhance the capabilities for presentations in History, Science and English classes. Please come to see me in the library or drop an email if you would like to utilize the set up.
